

The Routledge Applied Linguistics Reader (Paperback)

Filesize: 1.57 MB

Reviews

Merely no words to clarify. I could comprehend every little thing using this created e pdf. I am just effortlessly could possibly get a enjoyment of reading through a created publication.

(Mr. Ari Powlowski)

THE ROUTLEDGE APPLIED LINGUISTICS READER (PAPERBACK)

To read **The Routledge Applied Linguistics Reader (Paperback)** PDF, remember to click the web link beneath and download the ebook or have accessibility to other information which are in conjunction with THE ROUTLEDGE APPLIED LINGUISTICS READER (PAPERBACK) book.

Taylor & Francis Ltd, United Kingdom, 2011. Paperback. Condition: New. Language: English. Brand new Book. The Routledge Applied Linguistics Reader is an essential collection of readings for students of Applied Linguistics. Divided into five sections: Language Teaching and Learning, Second Language Acquisition, Applied Linguistics, Identity and Power and Language Use in Professional Contexts, the Reader takes a broad interpretation of the subject from its traditional foundations in language teaching and learning to cover the newer subdisciplines from corpus linguistics to forensic linguistics. Using a multidisciplinary approach, the Reader focuses on the topics and issues to which Applied Linguistics research has made a significant contribution, in particular: our understanding of key concepts and notions in the study of real-world problems in which language and communication play a central role; the theoretical debates of broader social science issues that impact on language teaching, learning and use; the main methodological advances. Featuring twenty-seven carefully selected readings, the Reader focuses on both the major contributions of Applied Linguistics, and the conceptual and theoretical issues of the subject in a variety of contexts and methods. The selection comprises seminal articles from leading researchers, as well as fresh perspectives from new voices in the subject. These readings are amplified by a general introduction as well as detailed, critical summaries of each section, discussion questions and recommended further reading for each article.
